

# CQU: MMST11010 Illustration & Visualisation

## Week 5 Tutorial:

### Intro

My, we are progressing!. Betty Edwards preamble in Chapter 8, "Relationships in a New Mode: Putting Sighting in Perspective" covers techniques for measuring up scenes (called sighting). So please read pages 138-145 in preparation for this week's exercise.

### Exercise 5.1: Practice sighting

**For full instructions refer to the prescribed text (Edwards, 2008) pages 146-151.**

#### *Objectives*

Practice sighting proportions and angles using your pencil as a sighting device. Practice using a Basic Unit. Learn to sight angles.

Save your drawings for your assignment 1 portfolio.

### Exercise 5.2: Informal perspective drawing

**For full instructions refer to the prescribed text (Edwards, 2008) pages 152-155.**

#### *Objectives*

Choose a site that will make an interesting composition as a perspective drawing. Use the techniques learned so far to produce an artist's impression of the site.

Save your drawings for your assignment 1 portfolio.
